Debris placed inside hole 2 feet below the ground level and filled in with dirt. Covered with sod. Work is completed by ourselves. The Sqft estimation was calculated by 32x13x10. The valuation was estimated using multiple quotes from contractors for equipment, labor and cost of dirt/sod. Currently we have completed the demolition of the pool and filled it with the debris. I thought that the permit needed to be requested prior to inspection and filling in with dirt, not before the demolition started, I was mistaken.
