# State Farm Insurance Agency

*Renee Langdon*

In 2008, Renee Langdon took over the downtown Friendswood State Farm Insurance Agency and is thrilled to have recently celebrated her fourth anniversary here. She has been in the insurance and financial services industry for over twenty-six years, fourteen of those years with State Farm. Her insurance business has grown from three to seven employees over the past four years and now occupies 2,400 square feet of space at 306 S. Friendswood Drive, Suite A, in the Robert's Business Park next door to McDonald's.

About the benefits of having her business in Friendswood, Renee states "Friendswood residents, business owners, and City employees have been very welcoming and supportive to our agency. Of course I love the proximity to home/work – a four minute commute! Besides the time savings, I save money on gas! In addition, I found that commercial rent is reasonable compared to elsewhere in the Houston area."

Her business provides insurance and financial services to individuals and

business owners with a full portfolio of coverage, including auto, home, renters, life, health, and banking products through State Farm Insurance. The Renee Langdon team has extensive experience with a combined total of over seventy-five years of experience. Four employees are fully licensed and offer bilingual services in Spanish and English. Renee is a member of the Friendswood Rotary Club, a member of the Board of Directors of the Friendswood Chamber of Commerce, and the National Association of Insurance and Financial Advisors. She has earned several distinguished awards through State Farm including the State Farm Legion of Honor and Ambassador Travel.

On a personal note, Renee moved to Friendswood in 2004 with her husband, Patrick, and their two daughters. With a daughter still attending Friendswood schools, Renee says that she gets personal satisfaction from working near her school and supporting the local school district that has been such a big part of their family life.
