

Two Friends Gifts

Lucy Hall, Co-Owner

Two Friends Gifts was founded in 1998 by Friendswood resident, Lucy Hall, and business partner, Mary Jane Twedell. Lucy and Mary Jane met while working together in a little gift shop in Richmond, Texas. After moving to Friendswood in 1997, Lucy decided that Friendswood needed a nice gift store. Before opening the store, she consulted with friends and longtime residents who told her that Friendswood would not support such a store. Lucy said, "We quickly proved them wrong. Friendswood residents as well as customers from surrounding areas have kept us in business for almost eighteen wonderful years!"

Two Friends Gifts is located at 156 South Friendswood Drive in the Captain's Corner Shopping

Center. It is a small intimate store providing unique gifts for family members, friends, and business associates. With your purchase, layaway and complimentary gift wrapping are available. While there, you can also pick up a greeting card to complete the gift buying experience. A few of their featured vendors are Brighton, Tyler Aromatique, and Mud Pie. "We are truly a one-stop shop for gift buying," Lucy said. "We have considered expanding our business several times over the years, but our customers say they love the small store, convenient location, and warm atmosphere. Ultimately, we decided that bigger is not always better. Our customers are happy to shop local and have asked us to remain where we are."

Two Friends Gifts has been a member of the Friendswood Chamber of Commerce since 1998, and they were recently recognized as Friendswood Business of the Month. They proudly displayed this sign in their window. They support local schools, food pantries, and various church ministries. Every October, the two friends have a Pink Ribbon drive to promote Breast Cancer Awareness, providing proceeds and additional donations to The Rose in Houston to help pay for mammograms for those in need.

The business name, Two Friends, is

fitting for Lucy and Mary Jane as it demonstrates the business owners' friendship, their location on Friendswood Drive, as well as the city's heritage of friends.

Lucy and Mary Jane have made a lot of friends over the years. For community pride and spirit, there is no better place to live, work, learn, and play.

Lucy's daughter grew up here, lives here, and works here. She recently moved into her second home in Friendswood and told her young daughters that Friendswood is their 'forever home'. I think that says a lot about our community.
