RFQ NO: 2022-19

BID DATE: October 18, 2022

This Addendum forms a part of the RFQ Documents and will be incorporated into the Contract documents, as applicable. Insofar as the original Project Manual and Drawings may conflict, this Addendum governs.

**CLARIFICATIONS**

- 1) It was asked if the City plans to submit project applications for BRIC or FMA funding to TDEM by the December 2, 2022, deadline without the support of a contractor.

***The City will explore any avenues necessary to support an application.***

- 2) It was asked if the resulting contract will allow for engineering services to be provided for future BRIC/FMA funding cycles? For example, for the BRIC/FMA 2023 cycle, project application development could begin in the spring of 2023 so complete applications will be ready for submittal in early December 2023.

***Any services provided in the future must meet the requirements of the grant in the future funding cycle.***

- 3) It was asked if the City would provide any available planning documentation such as the City's Hurricane Harvey Recovery Plan and Hazard Mitigation Plan.

***The City will provide the documentation to the selected offeror.***
